

Intellectual Property Notice

GoldCoreX Tech. Inc.

April 2025

Ownership Statement

All files, documents, simulation code, figures, and architectural models contained within this repository are the exclusive intellectual property (IP) of **GoldCoreX Tech. Inc.** This includes all theoretical frameworks, simulation results, hardware architecture concepts, and quantum state manipulation methods developed and published under the GoldCoreX project.

Usage and Licensing

Reproduction, redistribution, or usage of any part of this work—including scientific diagrams, flip simulation code, or technical appendices—without express written consent from GoldCoreX Tech. Inc. is strictly prohibited. Commercial use or laboratory reproduction must be licensed.

For licensing inquiries or collaboration proposals, please contact:
